EXECUTIVE SAP ARCHITECTURE PROFILE

I help organizations design clean, governed and sustainable SAP architectures for complex S/4HANA transformation programs.

WHAT I HELP SOLVE

Complex SAP transformations, Clean Core, BTP governance, integration, data architecture and hybrid SAP/non-SAP landscapes.

HOW I WORK

Architecture governance, decision frameworks, design authority, technical guardrails and cross-functional alignment.

WHERE I CREATE VALUE

Reduced architecture risk, cleaner SAP core, stronger integration control, trusted data foundations and sustainable platform evolution.

SCREENING SNAPSHOT

Core Strengths

SAP Enterprise Architecture | S/4HANA Transformation | RISE | SAP BTP | Clean Core | Integration Architecture | Hybrid Data Strategy | SAP BDC | Datasphere | Databricks

Business Processes

Finance & Controlling | Record to Report | Procure to Pay | Order to Cash | Plan to Deliver | Corporate Planning | Enterprise Consolidation | Utilities

Industries

Utilities | Oil & Gas | Mining | Manufacturing | Retail | Aviation | Consumer Products

ARCHITECTURE COMPETENCY MAP

SAP Enterprise Architecture

S/4HANA | RISE
Governance | Operating Model

Clean Core & SAP BTP

Extensibility | Cloud ALM
FinOps | Guardrails

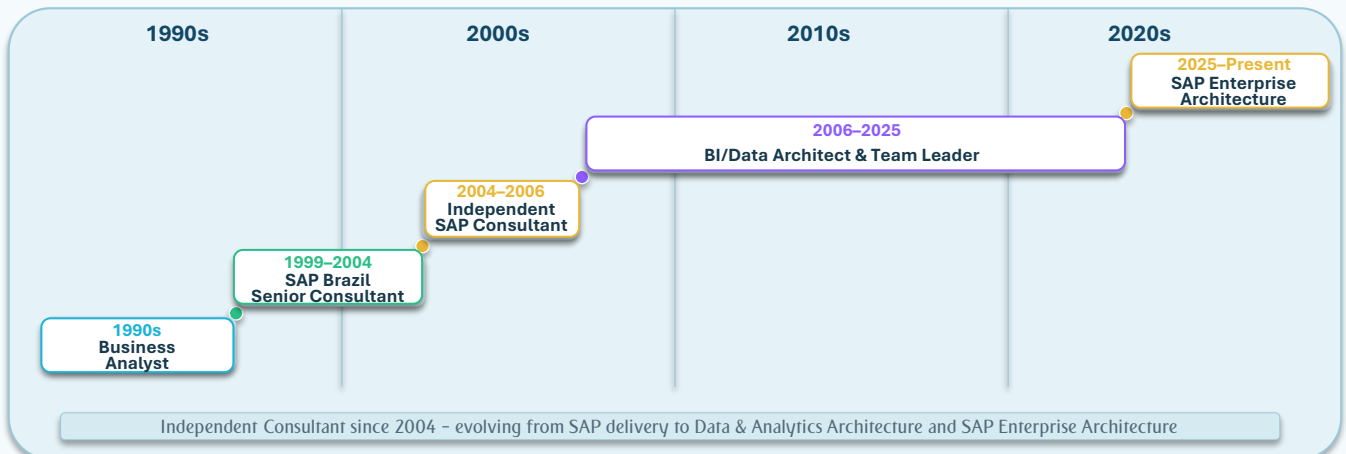

Integration Architecture

Integration Suite | APIs
SAP-to-SAP

Data & Analytics Architecture

SAP BDC | Datasphere | SAC
BW/4HANA | Databricks

CAREER EVOLUTION

RECOGNITION

Recognized for architecture leadership in complex SAP transformation and analytics modernization programs, bridging legacy SAP landscapes, cloud platforms, data governance, integration patterns and business value. Published IT author translating complex technology into practical insight.

CREDENTIALS

Former SAP Brazil Consultant
SAP CO Certified Consultant
Former SAP BW International Instructor

What people says ...

Mohan Asangi · 1st

Principal Architect : Cloud Data Warehouses | Analytics | Business Intelligence | Aviation & Airline
April 23, 2022, Mohan was senior to Fabio but didn't manage Fabio directly

Fabio is an expert in Business Intelligence and Analytics. He was selected to work with the Architecture team here in Emirates after a detailed competitive process and he came out in flying colours. He proved his architecture mettle with the complex implementation of SAP BI products with the existing BI Landscape here in Emirates. He paved the way for the coexistence of New technologies with legacy and classic warehouses so that business value was seamlessly transferred without any write offs. Needless to say Fabio is a super team player and takes lead where necessary

Rebeca Farias · 1st

Senior Product Manager @MURAL

June 16, 2020, Rebeca worked with Fabio on the same team

I worked with Fabio in a global SAP implementation; Fabio was responsible for the architecture design and implementation of SAP BW / BO for EC / EHS business processes. He was always pursuing the best solution for the users, his years of experience with SAP tools helped us to meet our project deadlines and deliver a complete functional solution on time and on budget. I really appreciated his commitment and his friendship throughout the entire project. I hope we can work together one day again.

Marek Szponar · 1st

Technical Product Manager

June 3, 2019, Marek worked with Fabio on the same team

Fabio is a very dedicated, hard-working professional who went above and beyond his duties. He possesses all characteristic which I most value in my colleagues and friends: he's honest, sincere, objective, extremely intelligent, hard working, and can effortlessly manage the most challenging situations. Fabio is a team player who helped his fellow colleagues with any issue at hand, it was a pleasure to work with him, not only is he an excellent person but also a true friend.

Diana Lulic · 1st

Data Governance at EIB

June 10, 2019, Diana worked with Fabio on the same team

Fabio and I worked together in Emirates on multiple projects, one of them being related to SAP HANA for realisation of Enterprise Data Warehouse. Fabio proved to be a vital resource in the project, and I came to know him as a truly valuable asset to Enterprise Analytics team. He is honest, dependable, and incredibly hard-working. His knowledge of SAP products and functionalities was a huge advantage. Along with his undeniable talent, Fabio has always been an absolute joy to work with. He is a true team player and always manages to instigate positive discussions and bring the best out of other employees. Without a doubt, I confidently recommend Fabio to join any team, as a dedicated and knowledgeable employee and an all-around great person

Pascal Laveaux · 1st

Data complexity solver

June 1, 2019, Pascal managed Fabio directly

I've had the pleasure to work with Fabio within the Emirates group. Over that time Fabio has proven the excellence of his knowledge in SAP but also the mastery he demonstrates in other advanced areas of BI and Analytics. Beyond that Fabio is a great teammate and an admirable colleague.
